

The Bermuda Hospitals Charitable Trust

Financial Statements

March 31, 2020

(expressed in Bermuda dollars)

Independent auditor's report

To the Trustees of The Bermuda Hospitals Charitable Trust

Our qualified opinion

In our opinion, except for the possible effects of the matter described in the *Basis for qualified opinion* section of our report, the financial statements present fairly, in all material respects, the financial position of The Bermuda Hospitals Charitable Trust (the Trust) as at March 31, 2020, and its financial performance and its cash flows for the year then ended in accordance with Accounting Standards for Not-For-Profit Organizations in Bermuda and Canada.

What we have audited

The Trust's financial statements comprise:

- the balance sheet as at March 31, 2020;
 - the statement of operations and changes in net assets for the year then ended;
 - the statement of cash flows for the year then ended; and
 - the notes to the financial statements, which include a summary of significant accounting policies.
-

Basis for qualified opinion

In common with many not-for-profit organizations, the Trust derives revenue from individual and corporate donations, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the Trust. Therefore, we were not able to determine whether any adjustments might be necessary to revenue, (deficiency) excess of revenue over expenditures and cash flows from operating activities for the years ended March 31, 2020 and March 31, 2019, current assets and net assets as at March 31, 2020 and March 31, 2019. In addition to the modification to our audit opinion for the current year, our audit opinion for the prior year was also modified accordingly because of the possible effects of this limitation in scope.

We conducted our audit in accordance with auditing standards generally accepted in Bermuda and Canada. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Independence

We are independent of the Trust in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the ethical requirements of the Chartered Professional Accountants of Bermuda Rules of Professional Conduct (CPA Bermuda Rules) that are relevant to our audit of the financial statements in Bermuda. We have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the ethical requirements of the CPA Bermuda Rules.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Accounting Standards for Not-For-Profit Organizations in Bermuda and Canada, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Trust or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in Bermuda and Canada will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with auditing standards generally accepted in Bermuda and Canada, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Trust's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Trust to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Matter

This report, including the opinion, has been prepared for and only for the Trust in accordance with the terms of our engagement letter and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

The accompanying notes are an integral part of these financial statements.

THE BERMUDA HOSPITALS CHARITABLE TRUST
NOTES TO THE FINANCIAL STATEMENTS

March 31, 2020

(expressed in Bermuda dollars)

1. Purpose of the organization

The Bermuda Hospitals Charitable Trust (the "Trust") was incorporated in Bermuda on July 3, 2003 by virtue of a Trust Deed in accordance with the Trustee Act 1975.

The Trust's overall goal, in accordance with the provisions of the Trust Deed, is to raise funds to further the charitable objectives of the Bermuda Hospitals Board, including purchase of medical equipment, supplies, plant and machinery and infrastructure of all types, and to supply these to any of the facilities under the supervision of the Bermuda Hospitals Board.

2. Significant accounting policies

The financial statements are prepared in accordance with Accounting Standards for Not-for-Profit Organizations in Bermuda and Canada ("ASNPO"). The preparation of financial statements in conformity with ASNPO requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual amounts could differ from those estimates. The following are the significant accounting policies adopted by the Trust to prepare its financial statements.

(a) Revenue and deferred donations

The Trust follows the deferral method of accounting for donations as follows:

- i. Donations restricted to specific expenditures are initially recorded at fair value and deferred in the balance sheet and recognised as revenue in the year in which the related expenses are incurred.
- ii. Unrestricted donations are recognised as revenue in the year received.

Pledged donations are recognized as a receivable when the amount to be received can be reasonably estimated and ultimate collection is reasonably assured. Restricted pledges are recognized as revenue in the year in which the related expenses are incurred while unrestricted pledges are recognized as revenue in the year received or deemed receivable.

(b) Contributed services

The Trust recognises all contributed services as part of donations in the statement of operations for which the fair value is readily determinable.

Volunteers contribute a significant amount of time to assist the Trust with its goals. Because of the difficulty of determining their fair value, volunteer contributed services are not recognized in the financial statements.

(c) Property and equipment

Property and equipment consist of computers and office equipment which are amortized on a straight-line basis over their estimated useful lives as follows:

Computers	3 - 5 years
Office equipment	3 - 5 years
Furniture & fittings	3 - 5 years
Computer software	10 years

THE BERMUDA HOSPITALS CHARITABLE TRUST
NOTES TO THE FINANCIAL STATEMENTS

March 31, 2020

(expressed in Bermuda dollars)

(d) **Investments**

Investments comprise marketable securities. Investments in quoted equity securities are carried at fair value. Changes in fair value are recognized in the statement of operations and changes in net assets. The fair value of investments is determined by reference to their quoted market price. Investment income is recognized on an accrual basis.

Investments in unquoted equity securities are carried at cost.

(e) **Financial instruments**

The Trust initially measures its financial assets and liabilities at fair value, except for certain non-arm's length transactions.

The Trust subsequently measures its financial assets and financial liabilities at amortized cost, except for investments in quoted equity securities which are measured at fair value. Amortization is recorded using the effective interest rate method.

Financial assets measured at amortized cost include cash and donations receivable. Financial liabilities measured at amortized cost include accounts payable and accrued liabilities. The carrying amounts approximate fair value due to the short-term nature of these financial instruments.

Financial assets and property and equipment are tested for impairment at the end of each reporting period when there are indicators that the assets may be impaired.

3. Property and equipment

Property and equipment comprise:

	Cost	Accumulated	Net book	Net book
	\$	amortization	value	value
		\$	2020	2019
			\$	\$
Computer software	20,907	6,272	14,635	16,725

	<u>63,203</u>	<u>67,860</u>

THE BERMUDA HOSPITALS CHARITABLE TRUST
NOTES TO THE FINANCIAL STATEMENTS

March 31, 2020

(expressed in Bermuda dollars)

6. Pension contributions

The Trust maintains a defined contribution pension plan in accordance with The National Pension Scheme (Occupational Pension) Act 1998, which is administered by Bermuda Life Insurance Company Limited and covers all employees. During the year, the Trust made contributions of \$4,333 (2019 - \$5,000) to the plan.

7. Capital disclosures

The Trust defines capital, for its own purposes, as the unrestricted cumulative excess of revenues over expenditures. During the current year the Trust's objective when managing capital, which was unchanged from the prior year, was to hold sufficient unrestricted net assets to enable it to withstand negative unexpected financial events and continue as a going concern. The Trust seeks to achieve this objective by minimizing its exposure to financial leverage and variable financial obligations and by holding cash to maintain sufficient liquidity to enable it to meet its obligations as they become due. As at March 31, 2020 the Trust's unrestricted capital amounted to \$1,677,092 (2019 - \$1,690,610). The Trust is not subject to any externally imposed requirements on capital.

8. Contributed services

For the year ended March 31, 2020 donated audit fees of \$25,000 (2019 - \$25,000) and donated training of \$7,500 (2019 - \$ nil) respectively, are recognised within donations and contributions in the statement of operations, and the related expenses are recognized as part of the expenditures of the Trust.

9. Financial instruments

The Trust is exposed to various risks through its financial instruments. The following analysis provides a measure of the entity's risk exposure and concentrations as at March 31, 2020.

Liquidity risk

Liquidity risk is the risk that the Trust will encounter difficulty in meeting obligations associated with financial liabilities. The Trust is exposed to this risk mainly in respect of its accounts payable and accrued liabilities. The Trust controls liquidity risk by management of working capital and cash flows. At March 31, 2020, the Trust has sufficient cash to pay its various expenses. In addition, the Trust's investments in marketable securities are considered to be readily realisable as the majority of the investments are listed on the Bermuda Stock Exchange (BSX).

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Trust's main credit risk arises principally from the Trust's cash.

The Trust only deposits cash with major banks of high quality credit standing. The Trust is not exposed to significant credit risk on its cash.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Trust is mainly exposed to market risk through its investments. The majority of the Trust's investments are quoted on the BSX.

THE BERMUDA HOSPITALS CHARITABLE TRUST
NOTES TO THE FINANCIAL STATEMENTS
March 31, 2020
(expressed in Bermuda dollars)

10. The Bermuda Hospitals Charitable Foundation

During the year the Trustees incorporated The Bermuda Hospitals Charitable Foundation (the "Foundation"), a company limited by guarantee, for the purposes of continuing and expanding upon the operations and activities currently carried out by the Trust. At March 31, 2020 the Foundation is wholly owned by the Trust, with certain Trustees and Directors consistent across both organizations.

The Trustees have approved the contribution by the Trust to the Foundation of substantially all of the Trust's assets, after settlement of its outstanding liabilities, for no consideration. These transactions have not yet taken place.

The intended purpose of the Trust subsequent to these transactions will be to act as a holding entity for the Foundation.

11. COVID-19

The spread of COVID-19 (Coronavirus) during 2020 has had a significant impact on the Bermuda economy and the daily lives of its citizens, and has the potential to impact the financial performance and operations of the Trust. It is currently uncertain what the ultimate magnitude of any impact may be.

In the meantime, the Trustees have taken measures to preserve its operations and the health and safety of its staff and volunteers. The Trustees continue to monitor the evolving situation and, in respect of the Trust's operations, the need for further measures to be taken to reduce operating costs as well as to optimize working capital.
